

PLAYER INJURY RECORDS IN PRO SOCCER DATA – PRIVACY & CONSENT

Player injuries and their management will be recorded on the Pro Soccer Data platform. Your privacy is important to us and medical information will be treated with the utmost confidence.

Information regarding player injuries will be available to:

- The physiotherapy team
- Any treating physiotherapist from St Ives Physiotherapy and Sports Therapy Centre
- Coach/es of the player's team
- Administrators of the platform (Technical Director, Football Administration Manager, Football Development Coach)
- The player

Information will be used for the purposes of co-ordinated care of the player to enable a safe and timely return to football. De-identified data may also be used to track injury trends across the club to inform future injury prevention strategies.

You may withdraw your consent at any time. Should you have any information that you DO NOT consent to be shared, please notify the attending coach/physio/sports trainer.

Should you have any further questions please contact the Football Administration Manager Hannah McNulty via email: hannah.mcnulty@nsfa.asn.au

I give consent to keep a record of player injuries as explained above.

Player Name:

Player Signature:

Parent Signature (if player is Under 18 then a parent signature is also required):

Date:
